

2023–2024 Schedule

Class Schedule

Each ChemWOOT class is held on a Monday at **7:30–9:30 PM ET / 4:30–6:30 PM PT**.

Class	Topic	Date
0	Orientation	August 21
1	Steady State Kinetics	August 28
2	Equilibrium	September 11
3	Mass-Charge Balance	September 25
4	Qualitative Inorganic Reactions	October 9
5	Titrations	October 23
6	Quantum Mechanics I	November 6
7	Quantum Mechanics II	November 13
8	Molecular Orbital Theory	December 4
9	Transition Metal Chemistry	December 18
10	SN2/E2 Reactions	January 8
11	SN1/E1/Carbocations	January 22
12	Alkenes	February 5
13	Aromatics	February 19
14	Spectroscopy	March 4
15	Pericyclic Reactions	March 18

Practice Exam Schedule

Each class's homework problem set and all of the Practice Olympiads (USNCO and IChO) will be released on a Monday and due on Monday two weeks later. The Practice Olympiads will be graded. The homework problems are ungraded but you'll receive solutions that you can use to evaluate your own work.

Practice Exam	Available	Due
Practice USNCO 1	November 13	November 20
Practice USNCO 2	January 22	January 29
Practice IChO	March 18	March 25
